

1999

Texas Textbook Ratings

Elementary Math

Texas has approved these Elementary Math series for 1999 local adoption. They rank below in descending order, *from best to worst*, as follows:

- BEST** *Math* (Saxon, 1997)
- VERY GOOD** *SRA Math* (SRA, 1999)
- FAIR** *Math Advantage* (Harcourt, 1999)
- POOR** *Math* (Scott-Addison, 1999)
- POOR** *The Path to Math Success* (Silver, 1999)
- VERY POOR** *Math in My World* (McGraw, 1999)
- WORST** *Everyday Mathematics* (Everyday Learning, 1998)

This ranking shows how well those series develop AUTOMATICITY of student mastery of basic addition, subtraction, multiplication, and division number facts, and problem-solving computation skills, in *third grade*.

In addition to the two comparison charts accompanying this rating sheet, we have five more on these third grade programs, free on request. For a quick personal response please write, phone, fax, or e-mail us at:
